Cities area - 100 square kilometers. Jūrmala stretches 32 km along the Gulf of Riga and the Lielupe.</p>	<p>To Tukums for beauty! („smukums” in Latvian)</p> <p>Tukums is a small town on the outskirts of Kurzeme surrounded by small gardens, but the locals always have treated themselves to people of Kurzeme, because they have both characteristics of Kurzeme - pride and wealth, obstinacy and intransigence. Tukums is the place to meet town peace with modern life tension.</p>
