I. INVITE THE “RALLY ŽEMAITIJA 2016”

17 of June will start the first and perhaps the biggest rally Fiesta this year in Lithuania - "Rally Žemaitija 2016". This year is a joint Lithuanian and Latvian Rally Championship Stage. This year the rally waits hefty transformation, which will raise the race to a qualitatively new level, so this race boldly pretends to the very serious status of Lithuanian rally.

Last year "Rally Žemaitija 2015" Stage from other phases was distinguished by particularly large sports intrigue. It was the fourth of the seven national championship rounds. Although all classifications leaders were clear, but none of the crews could not boast of a safe lead - any error or technical fad was able prevent reach the finish line, and to flip upside down all in the standings. Spectators could watch the best sportsmen fights without any "math" and calculations for the guaranteed minimum of points.

Indeed "Rally Žemaitija" action evolved as a sharp thriller. Each of the rally leaders won a few of special stages, but who will win the main trophy revealed only after the last stage finish. For two days the pace dictated by Martynas Samsonas place on the podium gave way in the penultimate SS - broke down his "MISTUBISHI EVO IX engine. However, it was only the beginning of surprises: after the regrettable M. Samson's failure to win, in the eighth SS acquired an eight-second lead, and the as rally leader has become R. Čapkauskas. However, the last 17 km special stage Ramunas overcame only the fourth, and clicking the accelerator Latvian racer Janis Vorobjovs managed to lean back 12 seconds and in 2 seconds to overtake the 2014 Lithuanian Rally Champion. It was the surest nectar for rally fans.

It should be noted that it is precisely in this region does not exist headache for the rally masters, how will change the track condition during rally time. Relief and peculiarities of the soil ensures that even the crews, who are below in the start order, can enjoy the no rutted roads, and almost all speed stages are driven on once. Place of the start wherever possible, is selected on the asphalt road surface, so easy to start equally to all, and one axle cars has no problem for the "quattro monsters" damaged road.

Returning to Service park cars visited in mobile car wash, which was fitted next to the service area, where for everyone was equally comfortable and spacious. As the gourmet "dish" was night speed stage of midsummer, which was planned so that the crews could to compete on equal terms, in complete darkness, avoiding complicated driving in the twilight zone.

It was carried live race broadcast from Zemaitijos rally special stages Delfi.TV channel - action in the race commented Wellman Rally Team co-driver Ramunas Šaučikovas and manager of events Nerijus Staniulis gave an excellent lesson for sportsmen, how best to use opportunity to present themselves to the audience.

The great 2016 corrections

This year's Lithuanian Rally championship for motor sports fans, to say the least, not very grateful: because of the warm wave were withdraw even championship the first two stages - "Halls Winter Rally" in Utena and "Voru Rally" in Estonia, where our sportsmen had to start in the joint bilateral competition. The third stage - "Rally Talsi" will be held in Latvia. Therefore, what is officially called "4th Lithuanian Rally Championship event", actually will be the first serious rally racing, this year taking place in Lithuania. Even more - this year "Rally Žemaitija" will be jointly and IV event of the Latvian Rally Championship. If last year the rally sprint crews were the guests in "Rally Žemaitija", it is this time arrivals to Kelmė will have the chance to see at least double bigger squad of the quickest Baltic countries pilots and their teams prepared technics. Hence spectacle in the race will be twice as interesting.

That "Rally Žemaitija" in this way will evolve did was not doubt. In this race annually participating sportsmen claim that this is probably the most underrated motorsports event in Lithuania, from the other stages of the championship emissive only in one - a relatively small spectators audience in the special stages, but the race tracks and organization always received exceptionally favorable evaluations.

"Rally Žemaitija 2016" will start on June 17 at the center of Kelme, anywhere from 18 hours will take place demonstrative slalom race of Nissan Leaf electric car. At 20:00 here will also be carried ceremonial start of the rally. The stage of the first rally day partially will repeated twice, but, like last year, the second time the crews will ride in the dark. There are two spectator areas, and from which it will be possible to monitor rally cars both times. The first "Zemaitijos rally" day again will be adorned by concert in Kražiai during regroup park time.

On the second day of the competition only three special stages coupon will recurrence partially. All other stages will be driven on once. For not wanting to travel a lot rally audience recommended two spectator areas (5 and 7), which are in the recurring parts of SS 4/5/7, where can be monitored two appearances of the participants. For desirable to watch the race from many different points, we recommend three routes.

The first - morning Zone 3 located in SS 3, from which you can go to zone 4, located in SS 4/7. In this zone can be monitored SS7, or watch rally here from the same beginning two times (SS4 and SS7), then very near you can pass to the area 10, located in SS9. Who will begin rally monitoring later, can to choose two options: 6 Spectator area, where the action will begin in about 14 hours, and then go to zone 9, located in SS8, or the 8 Spectator area, where the action begins 13: 30 pm., and after to pass to 9 or 10 zones, which are in one of the last special stage. The last two spectator areas are special in that they can see the same crew twice - driving away and returning from the other side. The rally will end on Saturday evening Kelme center where will be carried out winners awards and celebratory concert.

Attention of the audience! This year "Rally Žemaitija" observation will be taxed. Rally passport price till 01-06-2016 - 5 Eur, later the price will be increased to 7 Eur. Rally passports will be distributed via the Internet, in all Tiketa ticket distribution sites, through the Organizers, and rally day in Rally HQ. Those, who has not rally passport, spot will be able to buy tickets to individual speed stages for the price 3 Eur. Beginning distribution of Rally passports will be published on the websites: www.rallyzemaitija.lt, www.lasf.lt, www.autorally.lv. **Follow the information!**

VII. RECONNAISSANCE, GPS, SAFETY

7.1 Reconnaissance is mandatory for every crew. Only crews, participating in Shakedown, may recognise with this stage.

7.2 Any violations of the crews during reconnaissance will be recorded by GPS (Global Positioning System) devices and the Organizer authorized officials, who shall register violations in the Crew's cards. Organizer's official bulletin with list of authorized persons will be published on the official notice board.

7.3 Reconnaissance with Shakedown and SS1/2 and SS3 allowed 16-06-2016 (Thursday) from 20:00 till 24:00. Reconnaissance in SS 4-9 allowed 17-07-2016 (Friday) from 8:00 till 17:30 according to schedule. All special stages are *not allowed to be driven more than 2 times*. SS 1/2 and SS 4, 5 and 7 are partially repetitive, but they are not identical, and shall be counted as different stages. The number of passes will monitor the GPS tracking system.

7.4 The crews must drive in such a way that no danger or inconvenience is caused to the people residing close to the Rally course during the reconnaissance. Driving in the opposite direction is strictly prohibited in the special stages. **Please note:** Speed limit in Lithuanian Republic on gravel roads in non-residential areas – 70 km/h. The Organizer's appointed Officials, GPS Tracking Operators and the police will check the speed during reconnaissance. The speed may be reduced by respective road signs, marked in the Road Book. Prohibited to use anti-radars and radar detectors.

7.5 Reconnaissance vehicles. Reconnaissance may be performed only on recce vehicles, specified in the Entry Form. Recce vehicles must meet the requirements of 2016 Lithuanian Rally Sporting Regulations art.25.1. On receipt of the Road Book, the crew must indicate his recce vehicles, which will be used for reconnaissance, as well as all service and representative vehicles.

7.6 GPS safety and control system. In special stages all of the crews security will be ensured safety and control GPS units.

7.6.1 The procedure of issue and use of safety and tracking equipment. In pursuance to maintain safety, receive notifications of risk and following to Regulations of the Rally, during the road books issuing for every competitor will be issued EDGE/3G/GPS and satellite communication GPRS/GSM equipment that will have to be used by every competitor during the reconnaissance and during rally time. Every competitor is responsible financially for the equipment. **Every crew must pay 200,00 Euro deposit fee. Returning of the equipment and deposit return after Rally finish – 18-06-2016 (Saturday), till 20:30 in Rally HQ. If a disordered, dysfunctional equipment is returned or if it has been failed to return until the term, 200 Eur deposit fee is not returned.**

7.6.2 Use of safety and tracking equipment. The competitors are responsible for installing of equipment by themselves. The same device is used during both: the reconnaissance and the event. During the reconnaissance, the device has to be installed in visible place that Marshals and other Officials could identify it. **The device has to be installed into the rally car before Rally start, if the crew takes part in Shakedown stage – before it start.**

VIII. SCRUTINEERING , SEALING AND MARKING

8.1 Pre-start scrutineering

Place: Company „Girilis“, Vytauto Didžiojo str. 128, Kelmė

Date: 17-06-2016 (Friday) **For Test stage participating crews:** Time: 7:30 till 9:30
For Test stage non-participating crews: Time: 12:00 till 17:30

8.2 During the pre-start scrutineering the participants or members of team must present valid documents referred in Supplementary Regulations.

8.3 The crew must affix competition numbers and rally mandatory advertising on their cars before scrutineering. Competition numbers and rally mandatory advertising will be issued during administrative checking.

8.4 Check-up of driver's helmets and driver's equipment shall be performed during the pre-start scrutineering and in the pre-start area and in the Service parks repeatedly.

8.5 FHR (Frontal Head Restraint, former: HANS) devices are obligatory for all crews.

8.6. Scrutineering following finish of the rally:

Place: Company „Girilis“, Vytauto Didžiojo str. 128, Kelmė

Date: 18-06-2016 (Saturday)

Time: just after finish

IX. TEST STAGE (SHAKEDOWN)

Test stage (Shakedown) will be carried out 17-06-2016 (Friday) from 10:00 till 12:30.

9.1 All drivers who wants to take part in the Test Stage, must it indicate in the electronic Entry Form, which must reach the Organizer no later than 17:00, 07-06-2016 (Tuesday).

9.2 Test Stage entry fee is 75 Eur, if payed till 03-06-2016 (Wednesday). After this time payment - 100 Eur.

9.3 Distance of the stage – 4.50 km, road cover – gravel. Test Stage (Shakedown) allowed to be driven no more 3 times for each crew.

X. START PROCEDURE

In all Special Stages start will be executed by means of the electronic timing equipment. When 30 seconds are remaining to start, the crew is handed in the timecard. The electronic clock shows hours, minutes and seconds. When 5 seconds are remaining to start, five red lights will light up every second from one to five. Then these five lights are extinguished, and the crew must start. In case when the crew start is correct, lights green and continues to light for 20 seconds. In case of premature start - display shows "FALSE" and shows the time, the crew brought forward the belonging start.

In case if electronic equipment is not installed or it is not functioning, the start procedure shall be carried out following the requirements of art. 37.3 of the T-2016. Start marshal must inform the crew in case the start procedure is carried out without electronic equipment.

XI. FINISH PROCEDURE
